

Not-cooled in-stack probe solutions

A

- Filter device vertical position
- All threads G1/2"
- Vertical leg length ~250mm

B

- Filter device vertical position
- All threads G1/2" except entrance filter device/nozzles G3/4"
- Vertical leg length ~200mm

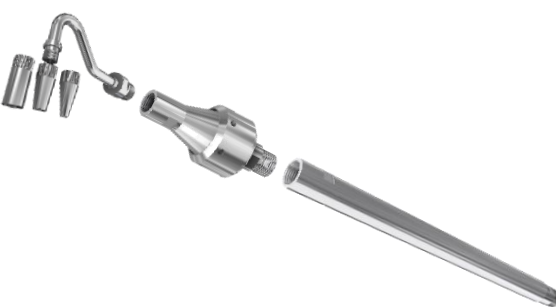

C

Conversion of solution A

- Filter device horizontal position
- All threads G1/2"
- Vertical leg length ~135mm

D

- Filter device horizontal position
- All threads G1/2" except gooseneck entrance/nozzles M12
- Vertical leg length ~77mm
